1 INTRODUCTION

1.1 BACKGROUND

“Civil Society Countering Violent Extremism” is a project funded under the European instrument **Civil Society Facility – Civic Initiative and Capacity Building, funded by the European Union** and implemented by the Albanian Helsinki Committee (AHC), Norwegian Helsinki Committee (NHC), Netherlands Helsinki Committee (NHC), Helsinki Committee for Human Rights in Serbia (HCHRS) and Together for Life (TFL). This project aims to “Empower the civil society organisations, non-governmental bodies and public security institutions on countering violent extremism and radicalisation in Albania”, according to EU guidelines, EU financial and political support.

This sub granting guideline has been prepared to provide uniform procedures and guidance for the administration of the sub grants that will be awarded by the Consortium composed of three of the above-mentioned organizations, AHC, HCHRS and NHC (Norwegian Helsinki Committee).

AHC is a non-profit organization and its mission is the promotion and protection of human freedoms and rights and the strengthening of the rule of law in the country. AHC has been and remains the most prominent organization for the protection and promotion of human rights in Albania, as well as a leading partner for other non-government organizations, Albanian public institutions, international agencies and programs that work to advance respect for human rights in Albania

NHC is an NGO working to ensure that human rights are respected in practice. NHC combats human rights violations through monitoring and reporting on the human rights situation in individual countries, placing particular emphasis on freedom of speech, freedom of association, the right to self-determination, minority rights, the right to freedom of thought and religion, and personal security.

HCHRS is one of the leading think tanks in Serbia and the Balkans. For the past twenty years it has been informing the broad public, analysing trends and developments in Serbia’s political, economic and social transition towards EU membership and requests accountability from policy and decision makers through its regular Helsinki.

The main objective of this project is to support the CSOs and other non-governmental bodies at the local level to be able to work at the grass-roots level to tackle factors that can be ‘attractive’ to violent extremisms and radicalisation of particular members/families of the Albanian society. Target groups of the project are: are civil society organizations (CSOs), Community-based organizations, Community-building organizations, media organizations, youth and women groups.

Through the “Sub Granting Scheme”, the project will be financing small size projects.

The budget allocated for this Call for Proposal is **EUR 187,764**.

2.3 ELIGIBILITY OF COSTS: COSTS THAT CAN BE INCLUDED

Only ‘eligible costs’ can be covered by a grant. The categories of costs that are eligible and non-eligible are indicated below. The budget presented is considered both a cost estimate and an overall ceiling for ‘eligible costs’.

The reimbursement of eligible costs may be based on the agreed budget specified in units and Unit costs.

The amounts or rates have to be based on estimates using objective data such as statistical data or any other objective means or with reference to certified or auditable historical data of the applicants. The amounts or rates of unit costs ensure that the costs correspond fairly to the actual costs incurred by the beneficiary, are in line with their accounting practices, no profit is made and the costs are not already covered by other sources of funding (no double funding).

At the contracting phase, AHC decides whether to accept the proposed amounts or rates on the basis of the provisional budget submitted by the applicants, by analysing factual data of grants carried out by the applicants or of similar actions.

Recommendations to award a grant are always subject to the condition that the checks preceding the signing of the grant contract do not reveal problems requiring changes to the budget (such as arithmetical errors, inaccuracies, unrealistic costs and ineligible costs). The checks may give rise to requests for clarification and may lead AHC to impose modifications or reductions to address such mistakes or inaccuracies. It is not possible to increase the grant as a result of these corrections.

It is therefore in the applicants' interest to provide a **realistic and cost-effective budget**.

Eligible costs are actual costs incurred by the beneficiary(ies) which meets the following criteria:

- They are incurred during the implementation of the action;

Civil Society countering violent extremism

- Costs incurred should be paid before the project closing date.
- they are indicated in the estimated overall budget for the Action;
- they are necessary for the implementation of the Action;
- they are identifiable and verifiable, in particular being recorded in the accounting records of the Beneficiary(ies) and determined according to the accounting standards and the usual cost accounting practices applicable to the Beneficiary(ies);
- they comply with the requirements of applicable tax and social legislation;
- they are reasonable, justified and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

- The evaluation of the proposed action, and
- Funding availability within the SGS.

The final Evaluation Report, including the results of the above, will be prepared and signed by each Consortium member, including the signed assessments from the administrative/eligibility assessment, the technical Assessment and the Vetting results, and will be sent to the European Union Delegation (EUD) for a “no-objection opinion”.

Once the “no-objection opinion” by the EUD is received, the applicants will be notified about the final results of the process.

STEP 5: Negotiation and contracting stage

The PMT, prior to signing the contract, reserves the right to negotiate with the applicant in order to:

- Ensure cost efficiency of the action;
- Ensure a fair balance between operational and non-operational costs;
- Reflect real market costs;
- Reflect costs in accordance with proposed activities

The points of negotiation should in no way change the substantial part of the proposed action, but rather be in line with the administrative/financial/HR/programmatic rules of the EU and of the Contracting Authority.

After reaching an agreement, the sub grant contract will be signed between the relevant applicant and the Albanian Helsinki Committee.
